SUMMARY

Aspiring web developer with a true passion for technology and all things digital. Over the past year, I've delved deep into the world of web development, honing my skills and exploring the endless possibilities this field offers. Currently, I'm pursuing BTech in Computer Science, which has provided me with a solid foundation to innovate and create exceptional user experiences. I believe that a combination of innovation and imagination is the key to shaping an extraordinary digital future.

EDUCATION

Providence College of Engineering

Btech in Computer Science
2022 – 2026
